CTR - Support of Drs. Seltzer and Mancuso

Attached is copy of Mr. Haas' recommendation re Dave Hardy's memo to underwrite two research projects. Dr. Seltzer's would cost us approximately \$3,000 and Dr. Mancuso's would cost us approximately \$6,000. If all of the companies participate, which I assume they will.

This will be part of CTR's budget, Dr. Seltzer's in 1973 and probably Dr. Mancuso's in 1972.
